

# Easy Habits

This month's song is a kick-off for my new concert series, **Hello House**, songs about emergency preparedness and energy conservation.. Even if you don't attend one of my concerts, you'll find this song and others to come provide simple ways to present these important but typically non-kid-friendly topics to the youngest and oldest children. Be sure to visit the Hello House page on my website for printable activities and links to some other wonderful kid-friendly educational websites.

Thanks to the  
**Puget Sound Energy Foundation**  
and the  
**King County Library Foundation**  
for funding the development and presentation of this concert.

## Easy Habits

- ◆ Print out pictures on the following pages to use with verses.
- ◆ Hold up and talk about each one before you sing the song.

1. Turn off the light when you leave the room (3 times)  
It's an easy habit to make
2. Turn off the water while you brushing your teeth (3 times)  
It's an easy habit to make
3. Close the door when you go outside or in (3 times)  
It's an easy habit to make

### BRIDGE:

Well they say that lots of little things  
Add up to be a lot  
When you add up all the little things,  
Conservation's what you've got

4. Think before you open up the frig. Door (3 times)  
It's an easy habit to make

# Easy Habits

Turn off the light!

# Easy Habits

Turn off the water!

# Easy Habits

Close the door!

# Easy Habits

Think before  
you open the door!
