One Little Dragonfly

One little dragonfly with four shiny wings

(Hold up one finger, then 4)

Two little dragonflies learning how to sing

(Hold up 2 fingers)

Three little dragonflies zipping up and down

(Hold up 3 fingers, then move them quickly up and down)

Four little dragonflies resting on the ground

(Hold up 4 fingers, then rest head on hands)

Five little dragonflies going home for lunch

(Hold up 5 fingers, then "fly" fingers away)

Along came a frog and munch, munch, munch!

(Clap hands once on each "munch")

Make five felt dragonflies from pattern below to use on felt board.

OR....

- Print out five color copies, and glue felt to backs
- Laminate paper dragonflies, and attach a piece of comb sided Velcro, so it will stick to a felt board
- Decorate wings with glitter glue
