

1	2	3	4	5
---	---	---	---	---

INSTRUCTIONS: Cut this paper on the dotted line above. Draw one duck above each number, and draw anything else you like (sky, grass, bugs, flowers, clouds, etc.). Don't forget to color the cover if you want! Lastly, write your name on the line under "Illustrated by" on the cover. *YOU* are the illustrator of this little book! Now you are ready to make the book. Turn the paper over, and fold on the line next to the number 5. Keep folding on the other lines, making your book smaller and smaller! Now open it up, and see your five ducks. As you sing the song, you can keep folding the book back up as the ducks "go away." At the end of the song, open it all the way up when the ducks come back!
