

# Tuck You In With A Song

This is the theme of my Bedtime Tune Time song videos, free on YouTube. As I write this we are about two weeks into 30 days of our Stay at Home Order for the Covid-19 pandemic. This song and the video series were created to help parents and caregivers comfort children during this time.

## Tuck You In With A Song

Tuck You In With a Song

Now the sun is slowly going down

As a quiet settles over the sleepy town

It's time to gather bedtime things all around

It's time to settle your body down

I'm gonna tuck you in with a song

I'm gonna wrap you in a melody all night long

I'm gonna rock you with a rhythm that's gentle and strong

I'm gonna tuck you in with a song

And when the stars are shining above your head

You can snuggle down in your cozy bed

Close your eyes and let the dreams roll by

And sleep until the morning light

I'm gonna tuck you in with a song

I'm gonna wrap you in a melody all night song

I'm gonna rock you with a rhythm that's gentle and strong

I'm gonna tuck you in with a song
