

Ants In Your Pants

So here is a bug song for that is great for wiggling children. Of course children are always up for wiggling. It's always a big hit in my concerts, and I think it will be for the children you sing it for as well.

(This can also be found on my "Bee Boppin' Bugs" CD.)

CHORUS:

If you have ants in your pants (clap 3 times)
Fleas in your knees (clap 3 times)
And you feel like a wiggle worm (wiggle)
Come on along with me and you'll see at times
It's o.k. to wiggle and squirm

Worms like to wiggle around in the ground
(children get down on tummies and wiggle like worms)

We're luck that they do
'Cause when they wiggle they stir up the dirt
And it helps the flowers to bloom
(CHORUS)

Can you jump up and down just like a flea
That's what fleas like to do
If you walk under a tree where there is a flea
He will jump on you!
(CHORUS)

Now ants are very busy workers
They're always on the move
So put those ants in your pants, get up and dance
Now you're in the groove (instrumental dancing verse)
(CHORUS)

Kids like to wiggle and jump up and down
They're just like kids that way
When they get to wiggle and jump up and down
They're havin' a real good day
(CHORUS)
