

## We Are Singing With The Children Of The World

I receive many wonderful e-mails from teachers and parents all around the world who use my songs. So as a new year begins, I thank you for your support and invite you to celebrate all of our children with this song. Preschoolers can just follow the words and move. Older children can sing this song in a choir. If you need an instrumental version to accompany them, just let me know, and I'll be happy to provide it. And if you video your children dancing or singing it, I'd love to know!

### We Are Singing With The Children Of The World

We are singing with the children of the world  
We are singing with the children of the world  
As we raise our voices high up into the same blue sky  
We are singing with the children of the world

We are clapping with the children of the world  
We are clapping with the children of the world  
As you move across the land you'll hear the rhythm of our hands  
We are clapping with the children of the world

We are jumping with the children of the world  
We are jumping with the children of the world  
As we're jumping up and down the earth below will feel our sound  
We are jumping with the children of the world

We are sleeping with the children of the world  
We are sleeping with the children of the world  
The moon and stars up in the sky on children just like us do shine  
We are sleeping with the children of the world

We are dancing with the children of the world  
We are dancing with the children of the world  
See our bodies filled with joy, every girl and every boy  
We are dancing with the children of the world

We are singing with the children of the world  
We are singing with the children of the world  
As we raise our voices high up into the same blue sky  
We are singing with the children of the world

We are singing with the children of the world
